

BE THE RAINBOW IN SOMEONE ELSE'S CLOUD

- Materials Needed:**
- Rainbow Outline
 - 4 Cotton balls
 - Glue
 - Crayons/ markers

Be the Rainbow in Someone Else's Cloud is a kindness-focused activity that encourages children to reflect on ways they can bring joy to others. Through creativity and reflection, they explore how small acts of kindness can brighten someone's day, just like a rainbow shining after a storm.

Instructions:

- Use crayons or colored pencils to color the rainbow.
- Once you've finished coloring, take a dark marker and write one way you can brighten someone's day in each arc of the rainbow.
- Next, take the cotton balls provided and gently stretch them to make them fluffy. Glue two cotton balls at the bottom of one side of the rainbow, then glue two more on the other side to create clouds.

Be the Rainbow in Someone

Else's Cloud!
